The screenshot shows the '找回密码' (Reset Password) interface. At the top left is the logo of Guiyang Information Science College (贵阳信息科技学院) and the text '统一身份认证平台' (Unified Identity Authentication Platform). At the top right is a '返回登录页' (Return to Login Page) link. The main content area features a progress bar with three steps: Step 1 (找回方式 - Select recovery method), Step 2 (重置密码 - Reset password), and Step 3 (完成 - Complete). Step 1 is currently active. Below the progress bar, there is a '用户账号:' (User Account) field with a placeholder '请输入学号或工号' (Please enter student ID or employee ID) and an '获取验证码' (Get Verification Code) button. Below this, there are two radio buttons for '找回方式:' (Recovery Method): '手机短信找回' (Reset via mobile text message) which is selected, and '邮箱找回' (Reset via email). At the bottom center is a '下一步' (Next Step) button.

将收到的验证码填入“验证码”输入框，下方“新密码”，“确认密码”填写要设置的密码；密码规则需满足（大写字母，小写字母，数字，不能有符号，最少 10 位，最多 16 位，否则会提示密码不符合规则）

The screenshot shows the '找回密码' (Reset Password) interface at Step 2. The progress bar now highlights Step 2 (重置密码 - Reset password). The '用户账号' field is no longer visible. Instead, there are three input fields: '验证码:' (Verification Code) with a placeholder '请输入您收到的验证码' (Please enter the verification code you received); '新密码:' (New Password) with a placeholder '请输入新密码,请使用10到16位数字加大写字母' (Please enter new password, use 10 to 16 digits and uppercase letters); and '确认密码:' (Confirm Password) with a placeholder '请再输入一次' (Please enter again). At the bottom are two buttons: '上一步' (Previous Step) and '提交' (Submit).

如无法收到验证码短信，尝试使用邮箱收取验证码。
